PLEASE READ FIRST

The units at your Strata Corporation share a common water meter which is read every six months.

Payment of water used by the residents at your group is the responsibility of your Strata Corporation.

Your Corporation can:

1: pay the water use accounts from its bank account

or

2: have SA Water divide the water use charge between all owners and include it on their individual water and sewer accounts. These will be posted to each owner every six months.

Your Corporation Secretary will receive a notice every six months showing how much water was consumed and a comparison with previous six monthly usage. There is no fee for this service.

Please let us know your Strata Corporation's preferred option on the form opposite.

Your groups preferred option will apply from the current year's water use charge and will continue to apply unless your group advises otherwise.

This form **MUST** be authorised by a resolution of your Corporation - a unanimous decision of a full meeting of owners may be necessary.

Please enclose a copy of the minutes from your meeting of owners with the form and use your Corporate Common Seal if you have one.
